HOUSE RESOLUTION NO. 13

Introduced by Christiansen.

A Resolution of the House of Representatives of the State of Montana directing that officials of the Holly Sugar Company meet with the State Office of Planning and Economic Development to determine any common ground that may enable the reopening of the sugar refinery.

WHEREAS, the Holly Sugar Company has announced that it would terminate the refining of sugar from sugar beets, and would close its plant in Hardin, Montana, and

WHEREAS, such termination is to take effect immediately, to the economic detriment of that community and this state, and

WHEREAS, no public notice prior to the announcement was given by the Holly Sugar Company to the growers supplying its sugar refinery there, that such closure was imminent, and to the community of Hardin, and

WHEREAS, there has been no public pronouncement of any interest on the part of Holly Sugar Company that such closure be temporary, and

WHEREAS, great hardships and economic deterioration will result in the community of Hardin and in the state, in that such refinery employed fifty-five (55) year-round employees and one hundred fifty (150) seasonal employees, representing an annual economic effect of over six million dollars (\$6,000,000), and

WHEREAS, some thirteen thousand (13,000) acres of irrigated land are adversely affected, and the closure creates a hardship on farm opera-

tors who have heavy investments in machinery and equipment suitable only for beet raising, and

WHEREAS, much of the land involved is owned by members of the Crow Indian Tribe who will suffer loss of income by such closure, and in addition Crow Tribal members are employees of the refinery, and

WHEREAS, it appears that the freight rate structure applying to the transportation of beets and the refined product contributed to the decision to close, and prohibits the transportation of beets from the stricken area to other refineries, and

WHEREAS, the tax base of Big Horn County, and the State of Montana are adversely affected.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the House of Representatives earnestly solicit the management officers of Holly Sugar Company to rescind its decision to close the factory at Hardin in 1971.

BE IT FURTHER RESOLVED, that Holly Sugar Company be requested to study the possibility of putting into effect a phase-out program or a lease arrangements if such is necessary so that producers and workers affected, as well as the community and the state, can gradually adjust to such closure.

BE IT FURTHER RESOLVED, that the State Office of Planning and Economic Development call for and direct a conference, with all deliberate speed, of the corporate officers of Holly Sugar Company, responsible railroad and motor truck officials, and any other industrial representatives necessary, together with representatives of producers and other interested parties in the area, to determine any common ground that might enable the reopening of such sugar refinery.

BE IT FURTHER RESOLVED, that copies of this resolution be forthwith mailed by the Chief Clerk of the House, to the Holly Sugar Company, to the director of the State Office of Planning and Economic Development, to the mayor of the City of Hardin, Montana, to the Board of County Commissioners of Big Horn County, and to all members of the Congressional Delegation.

HOUSE RESOLUTION NO. 15

Introduced by Marks.

A Resolution of the House of Representatives of the State of Montana, to the United States Congress, in support of the proposed plan of the United States Bureau of Reclamation for dust abatement on the Canyon Ferry Unit, Helena-Great Falls Division, Pick-Sloan Missouri Basin Program of the Missouri River Basin Project, Montana.

WHEREAS, the Canyon Ferry Unit, Helena-Great Falls Division, Pick-Sloan Missouri Basin Program, Montana, was constructed at considerable expense to the United States in 1954, and

WHEREAS, in the normal practice of raising and lowering the water level in Canyon Ferry Reservoir for the purpose of flood control and hydro-electrical power production some nine thousand (9,000) acres of beaches at the south end of the reservoir become exposed and subject to wind erosion, and

WHEREAS, the Bureau of Reclamation, in conjunction with the Montana Fish and Game Commission, has developed a plan to protect the most frequently exposed areas by a series of dikes, dredging of silt, and flooding, resulting in impoundments being created and developed for wildlife enhancement, and

WHEREAS, the proposed plan would:

(a) provide complete dust abatement for forty-six hundred (4,600) acres of beaches lying between elevation 3797 and 3780, which constitutes the limit of the most frequently exposed areas;

(b) maximize wildlife and recreation enhancement with a planned water supply and control facilities;

- (c) greatly enhance the ecology, environment, and physical appearance of the area by providing wildlife nesting and breeding grounds;
- (d) assist in controlling the air pollution of the area; and
- (e) would serve as an excellent demonstration project for other areas experiencing similar dust problems.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the House of Representatives of the State of Montana urge the United States Congress to appropriate funds to carry out the plan of dust abatement proposed by the Bureau of Reclamation for Canyon Ferry Reservoir.

BE IT FURTHER RESOLVED, that the House of Representatives of the State of Montana urge the Montana congressional delegation to support any federal legislation proposed to accomplish this purpose.

BE IT FURTHER RESOLVED, that the Secretary of State is instructed to send copies of this resolution to the Speaker of the United States House of Representatives, the President of the United States Senate, the Honorable Mike Mansfield and the Honorable Lee Metcalf, Senators from the State of Montana, and the Honorable John Melcher and the Honorable Richard Shoup, Congressmen from the State of Montana.

LUNDGREN, Chairman

Report adopted.

HOUSE RESOLUTION NO. 14

Introduced by Marks, T. Murphy

A Resolution of the House of Representatives of the State of Montana respectfully urging the Honorable Forrest H. Anderson, Governor, and the State Department of Planning and Economic Development to retain the Madison-Jefferson-Silver Bow Resource, Conservation and Development Group.

WHEREAS, it has been proposed that the counties of Madison, Jefferson and Silver Bow be removed from the now-existent Madison, Jefferson, Silver Bow Resource, Conservation and Development Group, and

WHEREAS, because of geographical barriers, the natural lay of the land, the state and federal highways, and railroads, and convenience, the general trading and economic area for the counties composing the Madison-Jefferson-Silver Bow Resource, Conservation and Development Group is the Jefferson River Valley, and

WHEREAS, the Madison-Jefferson-Silver Bow Resource, Conservation and Development Group is already in existence, is operating smoothly and effectively, is self-supporting, is working with private planning groups, and is carrying out essentially what the state department of planning and economic development intends to do, and

WHEREAS, the present plans of the state department of planning and economic development to segregate the counties are based not upon the economic and social needs of the people supposed to be served by the department but rather upon some other need not readily discernible to the people.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That it is the wish of the Montana House of Representatives that the Madison-Jeffersoon-Silver Bow Resource, Conservation and Development Group continue as it is presently constituted and that it not be divided for purposes not related to the economic and social well-being of the people of the area.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the secretary of state of Montana to the Honorable Forrest H. Anderson, Governor, and to the director of the state department of planning and economic development.

SPECIAL ORDERS OF THE DAY

Necrology Committee Memorial Services

Invocation by the Reverend Roy Bergquist.

Editorial by Representative Forester:

Perhaps one of the greatest of all human frailties is our seeming inability to pay honor to our fellow men during their lifetime. How many times after one has passed away have we thought, "If only I had told him . . ."

These men were of a legion of men throughout Montana's history who have felt the need to do something beyond the norm . . . who have seen the needs of others . . . felt that unexplainable call to contribute to those outside his immediate circle of interest. It is true that they were not of that relatively small group of public servants who are instantly recognized because of their position as a governor, or senator, or congressman. But they were men who were willing to leave the safe warm existence of families in which they were loved and communities in which they were successful and respected to venture into a world where hard work is the first requirement and thanks are seldom received. Every one of us has a responsibility to serve our fellow men with whatever God-given abilities we possess. For these men that service was in government and in the legislative process. They were good legislators, but that is not really the point. The point for us to remember is that they recognized their responsibility and did something about it

How little we have honored those men and women who, though they may have felt the pull of that someone-else-will-do-it syndrome, have thrust it aside. That they lived and laughed and loved and cared is perhaps the best that can be said of anyone. It can and should be said of these men, and now how inadequate it sounds and how late we have waited to say it.

To the family and friends of these men, our heartfelt sympathy. To them . . . our eternal gratitude.

Music by Representative and Mrs. Cox, accompanied by Senator Rehberg at the organ.

The hour glass is an emblem of human life. Behold how swiftly the sands run, and how rapidly our lives are drawing to a close. We cannot without astonishment observe the little particles which are contained in this machine—how they pass away almost imperceptibly; and yet, to our surprise, in the short space of an hour they are all exhausted. This is the state of man: Today he puts forth the tender leaves of hope; tomorrow blossoms, and bears his blushing honors thick upon him; the third day comes a frost, a killing frost and—when he thinks, good easy man, full surely his greatness is a-ripening—nips his root, and then he falls, like autumn leaves, to enrich our mother earth.

WHEREAS, it is with deep and sincere sorrow that the members of the House of Representatives of the State of Montana of the Forty-second Legislative Assembly record the passing of the distinguished former members of this body;

WHEREAS, it is fitting and proper that the outstanding records and accomplishments of the late Representatives be placed on record in this Assembly, and the following facts relative to their careers are hereby noted:

PAUL E. BRENNER

WHAT MAN IS HE THAT LIVETH AND SHALL NOT SEE DEATH?
SHALL HE DELIVER HIS SOUL FROM THE HAND OF THE GRAVE?

Paul E. Brenner, a former Montana legislator of Whitehall, died December 1, 1970, in a Helena hospital at the age of 75. Mr. Brenner was born in Culver, Kansas, and came to Montana in 1916 and lived in the Milligan Canyon area on his farm. He later moved to a ranch on the North Boulder River and lived there until his death.

Mr. Brenner served on the Agriculture Adjustment Act Board until he resigned to run for State Representative and served as such in the 1961, 1963 and 1965 sessions. During World War II he served on the Jefferson County Draft Board and the Farmers Home Administration Board. He also served as school trustee for the Eureka District and the Cardwell District.

Survivors include his widow, Edith; three step-children and four brothers.

PHILIP C. DUNCAN

MAN WALKETH IN A VAIN SHADOW; HE HEAPETH UP RICHES,
AND CAN NOT TELL WHO SHALL GATHER THEM.

District Judge Philip C. Duncan, 64, died May 9, 1970, in his chambers in the Beaverhead County Courthouse. Born 1905 at Virginia City, the son of State Senator and Mrs. M. M. Duncan, he made his home in the southwestern part of Montana.

Mr. Duncan practiced law from 1929-1952. He was elected to the House of Representatives from Jefferson County in 1945 and was re-elected in 1947 and 1949. During his last session in the House he served as chairman of the House Appropriations Committee. In 1951 Mr. Duncan was elected to the Senate.

He served as District Judge of the Fifth Judicial District of the State of Montana beginning in 1952. President of the Senate
State Capitol
Helena, Montana

Honorable James Lucas
Speaker of the House of Representatives
State Capitol
Helena, Montana

Sirs:

I am returning H. B. No. 194 without my signature.

Apparently, because of inadvertence when amending the bill, it now reads that in order to claim reimbursement for any travel expenses a state employee would have to certify that he was required to stop for the night away from home, or in other words, an employee could not ask for reimbursement of travel expenses for less than an overnight trip.

I am sure this was not the intent of the legislature, and for this reason I cannot concur in the passage of H. B. No. 194.

Very truly yours,

FORREST H. ANDERSON
Governor

WHEREAS, the state printing offices are now located in the capitol basement, and

WHEREAS, the state printing office has more equipment and more personnel than when their office space was first allotted, and

WHEREAS, the space in the capitol is not air-conditioned or noise-proof, and

WHEREAS, the working conditions caused by the noise and heat of the printing equipment is unbearable, and

WHEREAS, the legislative assembly has caused an additional problem of crowding the basement with its mail room, and

WHEREAS, the convening of the constitutional convention will cause an additional crowded condition, and

Mr. Speaker: We, your Committee on Constitution, Elections and Federal Relations, having had under consideration House Resolution No. 23, respectfully report as follows: That House Resolution No. 23 be adopted.

FAGG, Vice-Chairman

Report adopted.

HOUSE RESOLUTION NO. 23

INTRODUCED BY BRAND, CAMPBELL, WARFIELD, EGGBRECHT,
KOLSTAD, LAAS, EAST, ZIMMER, ULMER.

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES REQUESTING IMMEDIATE PASSAGE OF ENABLING LEGISLATION IN THE INTERESTS OF NATIONAL DEFENSE AND FOR RE-ESTABLISHMENT OF MORE EFFICIENT MAIL AND RAIL SERVICES TO ALL THE PEOPLE, BY PROVIDING DISTRIBUTION ENROUTE OF ALL FOUR CLASSES OF INTRANSIT MAIL BY HIGHLY QUALIFIED RAILWAY POSTAL CLERKS, IN REFITTED RAILWAY POSTAL CARS AND HIGHWAY POST OFFICES, IN MONTANA AND INTERSTATE IN THE UNITED STATES OF AMERICA.

WHEREAS, it is a fact that mail services of all four classes of in transit mail to the public under present postal policies and practices is now too uncertain and inadequate, and institution of RAIL-PAX theories will further downgrade passenger train travel throughout the entire northwest, and

WHEREAS, the United States Post Office Department on September 15, 1967, withdrew Railway Postal Office cars and instituted the detrimental practice of centralizing all four classes of intransit mail to distribution in designated "Postal Sectional Centers," there being nine in Montana: Miles City, Billings, Butte, Helena, Missoula, Kalispell, Great Falls, Havre and Wolf Point, and all four classes of mail from the immediate vicinity of these nine centers must go first to one of these designated sectional centers for distribution, regardless of the fact that either all or part of that mail may be for destinations between the office of mailing and the sectional center, or in the opposite direction. This backhaul results in totally unjustifiable delay and added transportation costs,

payable by the post office department to the carrier, and such backhauled mail amounts to tons daily throughout the United States, and

WHEREAS, the United States railroad system is the most dependable means of transportation and communication in times of peace or war, in any kind of weather, and the trains maintain their schedules on a very creditable basis, superior in certainty to any other type of transportation, and

WHEREAS, distribution of all transit mail enroute by highly trained postal transportation clerks in railway postal cars, operated in passenger trains in this area, was entirely eliminated by Postmaster General O'Brien on September 15, 1967, and that the nine sectional centers now do all the mail distribution in this state, and these changes have downgraded mail services, along with airlift taxi service of part of first class mail, and these are inoperative in inclement weather, and in unheated trucks mounted on freight cars (piggybacks), operation, subjecting all perishable mail, liquids, eggs, baby chicks, medicines, fresh flowers, etc., regardless of special delivery or other special fees paid, to being destroyed enroute in these piggybacks operated in freight trains, and these perishables are inexcusably delayed and endangered, thus placing mail service on a par with freight car delivery, and

WHEREAS, reestablishment of regular daily Railway Postal Office mail service in passenger trains, wherein all four classes of mail intransit is distributed enroute, as done previously by highly trained postal transportation clerks, along with heated mail storage cars, will provide the railroads with ample funds to operate and maintain their equipment more profitably, and provide the public with the very best of mail and passenger train services throughout the country on a more efficient basis than at present.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Secretary of the State of Montana send to the Honorable Mike Mansfield and Honorable Lee Metcalf, Senators from Montana, and the Honorable Richard Shoup and the Honorable John Melcher, Congressmen from Montana, requesting that they use all honorable means within their power to bring about the enactment of necessary legislation with provisions of any needed supplemental appropriation, which will reinstate and maintain on a regular daily basis, fully adequate railway postal services on an interstate basis in the passenger trains of this state and throughout the northwest, equivalent to such mail services in effect previous to September 15, 1967.

WHEREAS, Cinema Center Films and National General Pictures in co-operation with the Montana Theatre Owners have presented an advance showing of the film "Little Big Man" to the members of the Montana legislature now in session in Helena, Montana, and

WHEREAS, "Little Big Man" was filmed almost entirely in Montana, and

WHEREAS, many Montanans participated in the production of "Little Big Man", and

WHEREAS, for the first time, movie goers throughout the world will now become acquainted with the beauties and wonders of Montana's inexhaustible scenic possibilities, and

2. The [number] value of [days'] the work done, and the character and value of the improvements [placed thereon] made for the benefit of such claim, and, if such work shall be of a nature which shall require separate proof under federal law such as geochemical and geophysical work, the affidavit here required shall include the original or duplicate original of each separate or special proof;

And further amend Senate Bill 250, page 9, line 5 by adding the following new material:

Section 4. Section 50-713, R.C.M., 1947, is amended to read as follows:

"50-713. Defective locations good against persons with notice. The period of time prescribed by this law for the performance of any act shall not be deemed mandatory where the act is performed before the rights of third persons have intervened, and no defect in the posted notice or recorded certificate shall be deemed material, except as against one who has located the same group, or some portion thereof, in good faith and without notice. Notice to an agent who makes a location in behalf of another shall be deemed notice to his principal, and notice to one of several co-claimants shall be deemed notice to all. Nothing herein contained shall, of itself, be held to negate the prima facie effect of failing to record a certificate of location or affidavit of assessment work within the time required therefor as provided by sections 50-702(8) and 50-704(6)."

Section 5. The provisions of this act shall be administered and enforced by the State Department of Lands and Investments, who is granted the authority to accept federal monies, grants, gifts, or bequeaths. The Department may enter into cooperative agreements with other state departments for the administration of this act. The Commissioner of Lands and Investments, with the advice and consent of the appeals board, shall determine the necessary rules and regulations to enforce the provisions of this act.

Section 6. Any person who has been aggrieved by a decision of the commissioner shall have the right of an appeal to the appeals board comprised of the following: one (1) member of the fish and game department; two (2) registered mining engineers to be appointed by the governor, at least one (1) of whom shall not be an employee of the state or any agency or arm thereof; one (1) member from the state department of agriculture; one (1) member of the department of health; and one (1) member from the state department of planning and economic development; and one (1) member from the legal staff of the attorney general. The department heads of the afore mentioned departments shall appoint their member of the board and the governor shall appoint a chairman.

The appeal shall be instituted by filing a petition with the appeals Board within thirty (30) days after the denial of the permit. The petition shall contain a statement of the reasons for which the petitioner is aggrieved, and after reasonable notice the petitioner or his attorney or agent shall be afforded a hearing before the appeals board thereon.

Within fifteen (15) days after the hearing, the appeals board shall notify the petitioner in writing of its decision and the reasons therefor.

Section 7. Any person who is aggrieved by the final decision of the appeals board is entitled to judicial review under this act. Proceedings for review shall be instituted by filing a petition in a district court within thirty (30) days after the service of the final decision of the appeals board. Copies of the petition shall be promptly served upon the appeals board and all parties of record.

The petition shall include a concise statement of the facts upon which jurisdiction and venue are based, a statement of the manner in which the petitioner is aggrieved and the ground or grounds upon which the petitioner contends he is entitled to relief. The petition shall demand the relief to which the petitioner believes he is entitled.

Within thirty (30) days after the service of the petition or within further time allowed by the court, the appeals board shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or addition to the record.

If, before the date set for hearing, application is made to the court by the appellant for leave to present additional evidence and it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it in the proceeding before the appeals board, the court may order that the additional evidence be taken before the court.

The review shall be conducted by the court and shall be confined to the administrative and court record. In cases of alleged irregularities in procedure before the appeals board, not shown in the record, proof thereon may be taken in the court. The court, upon request, shall hear oral argument and receive written briefs.

The court shall not substitute its judgment for that of the appeals board as to the weight of evidence on questions of fact. The court may affirm the decision of the appeals board or remand the case for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the findings, inferences, conclusions, decisions or proceedings were:

- (a) in violation of constitutional or statutory provisions:

(b) in excess of the statutory authority of the director, board, or the appeals board;

(c) made upon unlawful procedure;

(d) affected by other error of law;

(e) clearly erroneous in view of the reliable, probative and substantial evidence on the whole record, including the additional evidence introduced before the court as above provided;

(f) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion; or

(g) because findings of fact, upon issues essential to the decisions, were not made although requested.

Section 8. The provisions of this act are severable, and if any part or provision thereof shall be held void the decision of the court so holding shall not affect or impair any of the remaining parts of the provisions of this act that are severable from the invalid applications.

Section 9. Section 50-706, R.C.M., 1947, is hereby repealed.

Section 10. This act is effective upon its passage and approval.

(Material in brackets denotes canceled type.)

And recommend that the same be adopted.

MESSAGES FROM THE GOVERNOR

June 9, 1971

Honorable Thomas L. Judge
President of the Senate
Capitol
Helena, Montana

Honorable James P. Lucas
Speaker of the House
House of Representatives
Helena, Montana

Gentlemen:

One of the most challenging, and potentially rewarding, areas of improvement in state government is the modernization of state investment procedures. Executive reorganization, authorized in the regular session, should finally bring to reality the legislative intent of the Unified Investment Act.

Every effort must, and will, be made by this Administration to secure an optimum return from the investment of state funds. Preliminary evaluations are being made of present investment practices, cash flow, and fund portfolios.

The Montana Trust and Legacy Fund is defined in Section 81-1001, R.C.M., 1947. The public school permanent fund makes up the major portion (nearly 90%) of the trust and legacy portfolio. A minor modification of the law would greatly enhance the investment opportunities of the \$61 million Trust and Legacy Fund—without sacrificing the quality of the portfolio.

Article 21, Section 8, Constitution of Montana, states in part:

“The Montana trust and legacy fund shall be safely and conservatively invested in public securities within the state, as far as possible, including school district, county and municipal bonds, and bonds of the State of Montana; but it may also be partly invested in bonds of the United States, bonds fully guaranteed by the United States as to principal and interest, and federal land bank bonds.” (Underlining added.)

The Supreme Court in the case of *In Re Montana Trust and Legacy Fund*, 388 Pac. 22d 336, 369, states:

“The implementing statute (R.C.M. 1947 81-1001) does not exercise the option granted in the Legislature by the Constitution to provide for investment in ‘bonds fully guaranteed by the United States’; thus the securities in the Trust and Legacy Fund comprise only bonds issued by governmental entities . . .”.

It is obvious that the present statutory investment authority of the Trust and Legacy Fund is less than what is permitted by the Constitution.

The value of the present Trust and Legacy portfolio can be increased by more than \$17 million over the next 27½ years . . . an annual increase of more than \$600,000 in principal and interest spread out over the life of the securities now held. This projection is based on a thorough portfolio analysis, contemplating the exchange of present securities for others fully guaranteed by the United States as to principal and interest.

At a time when no one would deny the fiscal problems of government, this additional income is critically important. The major portion of the income received from the Trust and Legacy accounts is distributed annually to local school districts and is a replacement of local property tax levies.

I urge your prompt consideration of measures that will ensure that Section 81-1001, R.C.M., 1947 is no more restrictive than Article 21, Section 8 of the Montana Constitution and provide for the full exercise of all the authority granted the Legislature by that Article.

Sincerely,

FORREST H. ANDERSON
Governor

MESSAGES FROM THE GOVERNOR

June 17, 1971

Honorable Thomas L. Judge
President of the Senate
State Capitol
Helena, Montana

Honorable James P. Lucas
Speaker for the House
State Capitol
Helena, Montana

Gentlemen:

Improvement in the administration of justice is the cornerstone of the effort now being made to improve the status of law and order at the State and national level. Chief Justice Warren Burger of the United States Supreme Court has cited inadequate pay of our State Judiciary as one of the chief defects in the administration of justice in this country.

Today, only two states in the Union pay their trial judges less than Montana does: If we are merely to maintain the quality of our judiciary in this State, to say nothing of improving it, we must increase the incentive of our best lawyers to leave the practice of law for service in the judiciary. The salary now provided by Montana law fails to provide that incentive.

At the regular session of this legislature, the salary of the Chief Justice of Montana was increased to \$24,000, and the salary of Associate Justices was increased to \$22,500 (SB 183, Chapter 314, Session Laws of 1971). My experience as lawyer, justice and Attorney General has taught me that the need for well qualified judges at the trial level is at least as great as it is at the appellate level. For this reason, I noted with deep regret and misgiving, the failure at the regular session of Senate Bill 194, which would have provided a modest increase in salary for our district judges.

I am, therefore, requesting this Special Session of the 42nd Legislative Assembly to consider an increase in the annual salary of district judges.

Sincerely,

FORREST H. ANDERSON
Governor

MESSAGES FROM THE GOVERNOR

June 19, 1971

Honorable Thomas Judge
President of the Senate
State Capitol

Honorable James P. Lucas
Speaker for the House
House of Representatives
State Capitol

Gentlemen:

In accordance with a decision by the Montana Supreme Court (Chicago, Milwaukee, St. Paul and Pacific Railroad Co. v. Bennett, 45 Mont. 191, 1965) county commissioners have been denied the authority to transfer monies from one fund to another. This has created a fiscal dilemma which otherwise might not exist: counties have been unable to meet their obligations in one fund, while other funds have a positive balance. The recent experience in Mineral County is a good example.

In the interest of good government and to correct this situation, I hereby request the 42nd Legislature, convened in Second Extraordinary Session, to consider and act upon the subject hereinafter specified:

Repeal of Section 16-2048, R.C.M. 1947, and amendment of Section 16-1904, R.C.M. 1947, to authorize the transfer of excess monies from one fund to another as the county commissioners deem necessary.

Sincerely,

FORREST H. ANDERSON
Governor

"(1) "Agency" includes all state offices, departments, divisions, boards, commissions, councils, committees, institutions, university units and other entities or instrumentalities of state government.

(2) "Program" means a segment that includes a combination of planned efforts to provide a service.

(3) "Approved budget amendment" means approval by the Governor of a request submitted through the director of the budget division to:

(a) obtain financing for new or expanded program from funds which were not available for consideration by the legislature but which have become available from a source other than state's general fund; or

(b) transfer appropriations, including general fund appropriations, between programs within a state agency; or

(c) expend remaining balances of the first fiscal year appropriations, including general fund appropriations, during the second fiscal year of the biennium, or

(d) change any agency operation plan.

Section 2. The appropriations contained in this act are intended to provide only necessary and ordinary expenditures for the year for which the appropriations are made. Except for amounts legally encumbered at the end of each fiscal year the unexpended balance of any appropriation shall revert to the fund from which it was appropriated. In case of necessity, an appropriation not expended during the first fiscal year of the biennium may be expended during the second fiscal year by approved budget amendment.

Section 3. The appropriations in this act are intended to provide for all expenditures for:

- (1) personal services;
- (2) all other ordinary and necessary expenditures for the operation of the agency and the program to which the appropriation applies;
- (3) repairs and maintenance, other than major alterations of existing buildings; and
- (4) the purchase or replacement of capital items other than expenditures for the construction, improvement, or furnishing of building or purchase of building or land unless specifically authorized.

Section 4. Financing for new or expanded programs from sources other than the general fund may be made available by approved budget amendment.

Section 5. Subject to law, each agency, with the exception of elected officials and their employees, shall submit for review and approval to the Director of the Budget division, on or before July 1 of each fiscal year, an operational plan within the limits of appropriations which includes the position and salary of all officers and employees, and no change shall be made in said operational plan without an approved budget amendment as provided in Section 1 (3) above.

The review and approval power of the Budget Director relating to the operational plan shall be limited to determining whether the plan is within appropriation limitations.

The salary of the chief administrator of each agency, commission, board, or institution shall be determined by the appointing authority subject to the provisions established in Section 1 (3) above.

Section 6. No new program may be established and no existing program may be expanded beyond the scope of the programs approved by the legislature in the 1973 biennial budget, unless the new program or the program expansion and its method of financing is approved by the Governor after presentation through the director of the budget division.

Section 7. Transfers of appropriated funds between programs of an agency may be made only by an approved budget amendment.

Section 8. If the operation of a state agency is financed by an appropriation or appropriations from the general fund as well as by appropriation from other sources, the funds provided by appropriation from the general fund shall be decreased by the amount that the funds received from other sources exceeds the amount from other sources appropriated by the legislature in the 1973 biennial budget, provided that:

- (1) the decrease does not jeopardize the receipt of the funds to be received from other sources; and
- (2) this section shall not apply to any excess funds if they are to be expended for a new or expanded program approved by the Governor upon a request submitted to him through the director of the budget division.

Section 9. When an agency receives federal funds as a reimbursement for a pro-rated share of administrative cost attributed to the operations of all state agencies involved, the federal funds shall be deposited into the general fund unless usage of the federal funds is restricted by federal provisions.
